

CURRICULUM VITAE Prof. Dr. Herman Van Coppenolle

Work address:

Faculty of Physical Education and Physiotherapy,

K.U. Leuven,

Tervuursevest 101,

B-3001 Leuven-Heverlee

Tel + 32 16 32 91 26

E-mail: herman.vancoppenolle@faber.kuleuven.be

Full Professor at the Faculty of Physical Education and Physiotherapy of the Katholieke Universiteit Leuven (Belgium) (since 1978)

Former Head of the Department Psychomotor Therapy at the University Centre St. Joseph in Kortenberg (1965-2006)

Former President of the European Association for Research into Adapted Physical Activity (since 1993 until 2003)

Co-ordinator of the European Master's Degree in Adapted Physical Activity (since 1990 until now) which trained already 400 students coming from **Europe and other continents**

<http://www.kuleuven.ac.be/thenapa/education/index.htm>

Co-ordinator of the consortium of the Erasmus Mundus Master programme in Adapted Physical Activity (Leuven-Oslo-Olomouc-Limerick)

Erasmus Mundus Master in Adapted Physical Activity which started in 2005 and will continue until 2010 and beyond.

<http://www.erasmusmundus.be/>

Co-ordinator of the European Thematic Network "Educational and Social Integration of Persons with a Handicap through Adapted Physical Activity" (1999-2004)

<http://www.kuleuven.ac.be/thenapa/index.htm>

which developed a CD-Rom 'ADAPT' which is the concrete realisation a common visual (texts, pictures and videoclips) **European curriculum** in Adapted Physical Activity for all bachelors and master students in physical education, physiotherapy, sports and recreation in Europe.

This CD-Rom which is translated in 15 languages: English, French, German, **Dutch**, **Greek**, **Spanish**, **Italian**, **Portuguese**, **Czech**, **Latvian**, **Lithuanian**, **Polish**, **Hungarian**

and Slovak and even in Chinese and has become in this way a **world-wide disseminated basic document** in Adapted Physical Activity

<http://www.kuleuven.ac.be/thenapa/adapt.htm>

Co-ordinator of the Thematic Network (2004-2009) ‘Ageing and disability – A new crossing between physical activity, social inclusion and life-long well-being’

<http://www.thenapa2.org/>

Co-ordinator of the Specialisation programme in Psychomotor Therapy at the Faculty of Physical Education and Physiotherapy at the K.U.Leuven

http://www.kuleuven.ac.be/thenapa/education/pmt/index_pmt.htm

Co-ordinator of the TEMPUS programme ‘New Curriculum in Adapted Physical Activity’ between the K.U. Leuven-Kaunas-Lisboa for preparing courses in Adapted Physical Activity from 1996-1999

Specialised in Psychomotor Therapy in Psychiatric Patients

Author of many articles in scientific Journals especially:

- about **psychomotor observation** : The LOFOPT method (The Leuven Observation Scales for Objectives in Psychomotor Therapy)
- about the development of a scale for **measuring the body attitude** in anorexia nervosa patients as well as a videodistortion method for the evaluation of their body image
- about **fitness as psychomotor therapy** in psychiatric patients
- about psychomotor therapy in persons with an **intellectual handicap**

Author of **internationally awarded didactic films** in **psychomotor therapy** and **adapted physical activity**:

“I am not Disabled “(**Medal of Peace Award of the United Nations, Munich 1995**)

“Fitness as Psychomotor Therapy in Depressed Patients” (**Magna cum Laude Award, Hannover 1992**)

“Psychomotor Therapy in Anorexia Nervosa Patients”, **first prize at the International Symposium Adapted Physical Activity in Berlin, 1989**

Coordinator and Author of several Books, Brochures and Visual Teaching materials (DVD's and CD-ROMS) which were translated in many European languages and even in Chinese in 2007:

Inclusion and Integration through Adapted Physical Activity (2004)
Vocational Training in Adapted Physical Activity (2004)
Adapted Physical Activity in Flanders (2002)
Adapt: European Curriculum in Adapted Physical Activity (2004)
Adapt II: Examples of good practice in Adapted Physical Activity (2004)
Count me in, Physical Activity, Sports and Leisure for Children with a Disability
European Survey and Recommendations on Ageing, Disability and Adapted
Physical Activity: Educational and Policy Level (2008)
DVD "Never too Old to be Active: The Joy of Movement" (2008)
Active Ageing Activity Cards (THENAPA II)

Dr. Honoris Causa and other AWARDS

Was receiving already the Dr. Honoris causa Award in the Faculty of Physical Education in Warsaw , Poland (April 2003) and in the Lithuanian Academy of Physical Education in Kaunas (Lithuania) on May 19, 2005
-received a Honorary Professorship at the Beijing Sport University in China April 17, 2007 and the Universities of Xian and Shangdon (April 2007)

Received the Highest Award of the International Federation of Adapted Physical Activity, The Elly Friedmann Award in Rio Claro, Brazil July 2007.

He was as well the promoter of the Dr. Honoris Causa Award given to Dr. Robert Steadward, President of the International Paralympic Committee, Leuven, 2001 .
He was also the Promoter of the Dr. Honoris Causa Award given to Dr. J. Rogge, the President of the International Olympic Committee in the University of Kaunas (Lithuania) on May 19, 2006 and in the University of Beijing (China) in November 2006
